Who We Are

LMACCC provides quality child care to members of the LMA community and strives to:

- Foster an environment where children, parents, and staff feel safe to communicate feelings, where they are actively listened to, and their individual needs are attended.
- Be highly adaptive to the ever-changing and unique needs of a diverse community.
- Create a warm, sincere and caring environment that promotes children's self-esteem and social, emotional, physical and cognitive development.

Enrichment Programs

The LMACCC partners with MASCO member institutions and others to enrich the experiences for children, including movement programs at Simmons University as well as on-site yoga and music.
